REMARKS: Climatological normal -30-year average (1991-2020)

The rainfall total was above normal, with more than half recorded on the 29th. Air temperatures were cooler than usual with cooler than usual daytime highs and nighttime lows. The Atlantic high-pressure system and trough systems were the dominant features throughout the month. Gusty winds and dust haze were recorded.

Doc.ID: PR-CL-PD-R001 Revision No. 000

Doc. Implementation: December 2012
