Sunshine	***Normal***	NA	8hours 48mins

REMARKS:
Tropical waves affected the island on the 12th and from the overnight hours of the 14th into the 15th (AL92). Another tropical wave, associated with the remnants of Tropical Storm Dolly, also generated rough seas and swells on the 30th. Dust haze episodes were frequent.

Canefield:
The rainfall total was below normal. This is the third consecutive month of lower-than-usual rainfall. Daytime highs and nighttime lows were warmer than usual. There were 3 thunderstorm days.

Douglas-Charles:
The rainfall total was normal. The average daytime maximum temperature was normal, while the average nighttime minimum was above normal. The mean temperature was near normal. There were 5 thunderstorm days.
